

Transportation and Land Use Technical Work Group Teleconference Meeting #4

June 29, 2006

Today's Agenda

- Call to order
- Roll Call of Technical Work Group (TWG) members
- Review and approval of last call summary
- Discussion of results of initial vote on priorities for elaboration and analysis of TLU Options
- Call to the public
- Proposed agenda items for next meeting
- Announcements

Priority for Analysis

- Review: Approach for identifying initial “priorities for analysis” by TWG voting:
 - Email ballot was sent out by CCS to TWG members
 - One vote per person per option
 - 10 votes total per person to be cast
 - Add comments (e.g. policy packaging) with your votes as needed

Priority for Analysis: Results

- Less than half the TWG has voted so far.
- 35 options received votes, quite a few as parts of proposed bundles.

How to handle bundling?

- Discuss approaches to bundling
 - Require final votes by Friday
 - Facilitator draws on vote clusters and suggested bundles, and proposes a set of bundles
 - Get feedback from group on those proposed bundles by e-mail.
 - Finalize and begin analysis.

Assigning H, M, L for Analysis

- With some judicious bundling, most of the options with votes so far can receive a first cut at analysis, esp. with TWG help.
- Wait for rest of votes before committing to that.

Public Input, Announcements

Next TWG Call
