Transportation and Land Use Technical Work Group Teleconference Meeting #5

July 18, 2006

Today's Agenda

- Call to order
- Roll Call of Technical Work Group (TWG) members
- Review and approval of last call summary
- Discussion of results of final vote on priorities for elaboration and analysis of TLU Options
- Call to the public
- Proposed agenda items for next meeting
- Announcements

Voting on Priorities for Analysis

- Review: Approach for identifying “priorities for analysis” by TWG voting:
 - Email ballot was sent out by CCS to TWG members
 - One vote per person per option
 - 10 votes total per person to be cast
 - Add comments (e.g. policy packaging) with your votes as needed

Voting on Priorities, 2

- How bundling suggestions were handled
 - There were too many bundling permutations to list each permutation, and then a vote for it.
 - Splitting votes that way would have hidden some central tendencies
 - Solution: for suggested bundles, give a vote to each of the bundle components.
 - To avoid giving bundlers too much extra weight, then construct bundles after the voting.
 - Consistent with the “bundle if necessary for analysis” from last meeting.

Priority for Analysis: Results
